## 0.0.1 D213 - Advanced Data Analytics - PA2

### 0.0.2 Background Info:

Build a neural network designed to learn word usage and context using NLP techniques.

*You will provide visualizations and a report, as well as build your network in an interactive development environment.*

**A1 Question:** *Using historical product reviews, what effect will Natural Language Processing and Neural Networks have on the ability to accurately predict future consumer sentiment?*

0	So there
is no way for me to plug it in here in the US unless I go by a converter.

Good case, Excellent value.	
2	
Great for the jawbone.	
3	Tied
to charger for conversations lasting more than 45 minutes.MAJOR PROBLEMS!!	
4	
The mic is great.	
..

985 The problem I have is that they charge \$11.99 for a sandwich that is no	
bigger than a Subway sub (which offers better and more amount of vegetables).	
986	Shrimp- When I
unwrapped it (I live only 1/2 a mile from Brushfire) it was literally ice cold.	
987	
It lacked flavor, seemed undercooked, and dry.	
988	
It really is impressive that the place hasn't closed down.	
989	
I would avoid this place if you are staying in the Mirage.
